

The Vito.

Panel Van and Crew Cab.

Mercedes-Benz

Vans. Born to run.

The Vito. Runs on ambition.

Whether it's work or play, the Vito is purpose-designed to take care of your every need. It's a van built not just to fulfil the tasks it's set but make that all-important difference when it comes to flexibility, safety, economic efficiency and quality. This peace of mind is something you only get from a genuine commercial vehicle specialist.

Developed for users who are looking for 100% commitment, the Vito brings to the road the ultimate in versatility, comfort and dependable quality. With every kilometre, economical fuel consumption makes a difference to your long-term success, backed by our professional network of Mercedes-Benz partners, who offer a range of tailored services to meet your needs. For maintenance and repairs, you can put your trust in the ones who know your vehicle inside out: your Mercedes-Benz Service Team. And to help you get where you want even more safely and reliably, it offers you a high level of standard-fit safety equipment, with numerous innovative assistance and safety systems such as ATTENTION ASSIST and Crosswind Assist. Whether front-wheel or rear-wheel drive - you can be confident you're choosing the best vehicle for your business. One thing is certain: your new Vito will be ready for anything.

Full power ahead. With two drive variants.

Whether delivering in the city or travelling long distances, the key to business success is dependability. By giving you the option of choosing between two drive system variants, we have made the Vito the first van in its class to be tailored to your needs, offering both front-wheel or rear-wheel drive. Complement that with the standard-fit electro-mechanical power steering system and optional 7G-TRONIC PLUS¹ transmission, and you have a vehicle that meets passenger car standards in efficiency, refinement and ride comfort.

The standard 6-speed manual transmission² is also designed to ensure an optimum balance between performance and consumption. Whichever drive variant you choose, its comfortable chassis set-up and independent suspension mean the Vito will keep you going where others can't.

¹ Optional on 114 LWB model. Standard on all 114 SWB and 119 models.

² Standard on 111 SWB and 114 LWB models.

Built to be challenged.

You need a van that's prepared for the road ahead.

In choosing the Vito, you're investing in levels of performance and quality only found in a Mercedes-Benz commercial vehicle. It is a van of action that has your back covered and makes that all-important difference to your business. With its fully galvanised body, this is a vehicle built to stay the course.

Before it joins you on the road, our engineers subject it to intensive quality and safety checks to ensure it offers the reliability and durability you'd expect of a Mercedes-Benz.

The bottom line? You can rely on the quality of the Vito – right down to the smallest detail.

Model with optional equipment shown.

Assured efficiency: from 6.0 l per 100 km.¹

With its fuel-efficient engines and innovative BlueEFFICIENCY technologies, the Vito achieves outstanding emissions figures, assisting to give your revenue a boost. Thanks to a combination of ongoing technical development and additional consumption-reducing measures, there is reduced fuel consumption compared to the previous equivalent model. In addition, the Vito enjoys a service interval of 1 year or 25,000km.

The BlueEFFICIENCY package reduces consumption and CO₂ emissions with the following measures:

ECO Start/Stop function temporarily switches off the engine when the vehicle is stationary

Fuel-efficiency alternator with enhanced efficiency

Alternator management with load-sensitive control, where alternator primarily charges battery when vehicle is decelerating or braking

¹ Combined fuel consumption (ADR81/02) applies to 119 Van models.

Overseas model with optional equipment shown.

Achieve your goals. Safely.

With its pioneering safety systems, the Vito is designed not only to protect you, your passengers and your cargo, but other road users as well. For us, safety comes as standard thanks to innovative systems such as Crosswind Assist, ATTENTION ASSIST and the latest-generation Electronic Stability Program ADAPTIVE ESP®. For the first time in its class, the optional COLLISION PREVENTION ASSIST constantly monitors the distance between your van and the vehicle in front, emitting an audible and visible warning if there is a risk of collision. Mercedes-Benz also thinks ahead when it comes to protecting all of the vehicle's occupants with up to six airbags, including optional thorax/pelvis side airbags for the driver and co-driver.

The Australian New Car Assessment Program (ANCAP) have awarded the Vito a 5-star ANCAP safety rating. So you can be rest assured that the level of safety is one of the highest possible standard 1.^

The 114 and 119 models come with a reversing camera as standard for extra peace of mind. In terms of safety-related equipment, simply select from a variety of innovative options which set new standards to help you arrive securely at your destination.

	*Driving Assistance package	*Lane Tracking package
COLLISION PREVENTION ASSIST	•	–
Lane Keeping Assist	•	•
Blind Spot Assist	•	•

*Optional.
^ Includes Vito Van, Vito Crewcab and Valente when window airbags are fitted. Window airbags are standard on all models from August 2016 production onwards, arriving in New Zealand October 2016 onwards

Model with optional equipment shown.

01

COLLISION PREVENTION ASSIST combines a proximity and collision warning with Brake Assist BAS PRO.

02

Lane Keeping Assist can help to avoid accidents caused by an unintentional departure from your lane.

03

Blind Spot Assist can help to avoid accidents when changing lane, for example on freeways.

04

The reversing camera shows a photorealistic image of your surroundings with dynamic guide lines and an indication of the direction of travel. Standard in all 114 and 119 models.

05

The LED Intelligent Light System adjusts the headlamps to suit the light, road and weather conditions.

06

The standard Crosswind Assist function helps prevent lateral displacement in the event of gusting side winds.

Sit back and love your work.

The Vito combines a stylish functional interior with impressive ride comfort. With its spacious design, improved seat ergonomics and robust, high-quality materials, the interior offers everything you need in order to work more efficiently. Your business needs to be within easy reach, so we have equipped the Vito with numerous practical stowage compartments to help you keep things tidy.

When it comes to keeping in touch, the Vito's information and communication systems include an SD card slot and USB port, as well as a practical multifunction steering wheel with trip computer and standard-fit electromechanical power steering.

Diverse range of equipment:

3-spoke multifunction steering wheel with trip computer

Twin co-driver's seat (optional)

Functional stowage facilities and compartments

TEMPMATIC air conditioning

Cruise control with SPEEDTRONIC

Headlight assistance

Audio 15 sound system and Bluetooth® handsfree system

Overseas model and equipment shown.

Your advantage: up to 1285 kg¹ in payload capacity.

The Vito offers all the space you need – and more. With two vehicle lengths and two wheelbases, there are plenty of options when it comes to adding individual and specialist features to make it the perfect fit for your needs.

With its large door openings and low load compartment sill, the Vito also makes child's play of everyday tasks, making loading and unloading more convenient, more efficient and even safer.

¹ Applies to the Vito 111 SWB with 3050 kg GVM.

A load capacity that holds weight: the Vito Panel Van.

The Vito Panel Van takes everything in its stride. Designed as a professional vehicle for demanding jobs, it is ideally suited for whatever business you're in. Specially built for loading cargo, it can take plenty more on board when others have to shut their doors.

With a load compartment length of up to 3061 mm and a maximum load volume of 6.9 m³, the Vito Panel Van can transport up to 1285 kg in its load compartment.

Even more impressive is how easy it is to load. The Vito Panel Van has three load access doors with low compartment sills that make packing your cargo a breeze, while the load-securing rails on the floor of the load compartment and the lashing rails on the side wall, offer flexible and safe options when it comes keeping everything secure.

Maximum load capacity of 5.8m ³ for the SWB version and 6.9m ³ for the LWB version
Payload of up to 1285 kg for vehicles with front wheel drive
Full bulkhead with fixed window is available as an option
Load compartment floor with load-securing rings

Optional equipment shown.

The Vito Panel Van is available in two vehicle lengths (SWB or LWB) depending on the space requirements.

The driver and co-driver seats open-backed seat base offers additional space for longer loads. Optional equipment shown.

The robust (optional) wooden floor is very hard-wearing and makes loading and cleaning the load compartment easier. Optional equipment shown.

Optional 3.2t GVM upgrade (114 and 119 models only) offers additional payload.

Load-securing systems to help reliably secure your cargo.

The two (optional) rear doors can be opened back to the side walls and secured, making loading and unloading easier. Optional equipment shown.

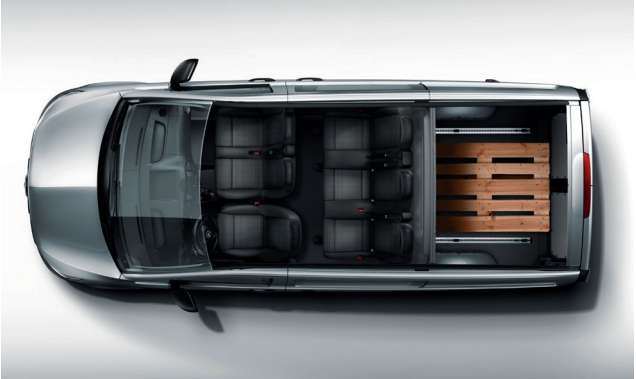

Room for everyone: the Vito Crew Cab.

Designed with the motto “one for all” in mind, the Vito Crew Cab makes life easy. If you need to transport people and cargo at the same time, you couldn't find a more economical, versatile and reliable partner.

Optionally equipped with a comfort front passenger bench seat and with a standard 3-seater bench seat in the passenger compartment, it will carry up to six people to your work site. The side windows bring light and visibility into the passenger compartment and an air vent in the footwell refreshes the interior, ensuring that passengers in the second row have a comfortable journey too.

There is still plenty of space for materials and equipment behind the bench seat – space you'll find a million uses for. A partition wall with window at the C-pillar also protects the passenger compartment against dirt and dust from the load compartment and offers additional protection from the payload.

The passenger compartment with optional comfort front passenger bench seat allows up to six people to be carried
Maximum loading length of 1894mm
Comfort package with luxury rear interior panelling and roof trim
3 seater bench first row with folding outer seat
Full-width partition wall with window at C-pillar
Robust wooden floor with load-securing rings

● Load compartment area of 4.1 m³. Optional front bench seat shown.

● Standard front seat configuration: 5 seater. Seat arm rests are only available with the optional Comfort Seat Pack.

● The windows between the B-pillar and C-pillar bring light into the passenger compartment and allow passengers to see out. Optional alloy wheels and roof rails shown.

● The air-duct to the passenger compartment provides the rear passengers with temperature-controlled air.

● The full-width partition wall with window at the C-pillar helps keep the passenger compartment clean and offers additional protection from your cargo. Optional barn doors shown.

○ The comfort front passenger bench seat with adjustable headrests and 3-point seat belts offers space for two co-drivers.

● Standard equipment ○ Optional equipment

The Vito highlights.

For a long, reliable partnership.

You're certain to appreciate your Vito as a work partner because we do all we can to ensure this becomes an enduring relationship. Taking delivery of a Mercedes-Benz means you can rest assured it has undergone extensive testing and passed with flying colours.

The Vito is also designed to cope with the tough demands placed on a commercially used vehicle. Its extensive corrosion protection with fully galvanised body ensures that, even after years of use, it still leaves a good impression of your business.

Ready when you are.

In choosing the Vito you're choosing a vehicle you can rely on – 365 days a year, 7 days a week, 24 hours a day. A vehicle that offers the ultimate in availability, supporting you around the clock, wherever your work takes you.

For us, “Mercedes-Benz Vans. Born to run.” isn't just a slogan, it's a promise.

 www.mercedes-benz.co.nz/vans

Getting more out of every journey.

When it comes to fuel consumption, the Vito proves exceptionally hard to beat. Extensive BlueEFFICIENCY measures have significantly improved efficiency and reduced consumption, compared with similar engines in our previous model series.

The Vito keeps costs in check with a high product quality as well as improved ease of repair – and with a long service interval of 25,000 km, maintenance costs come down too.

Playing it safe.

When it comes to safety, it's good to know you have a specialist on your team. The first-class standard-fit safety equipment in the Vito includes features such as Crosswind Assist and ATTENTION ASSIST. In addition to the standard driver and co-driver airbags, window airbags are also standard*. Optional thorax/pelvis sidebags are also available.

As an option, your safety can be further increased by adding COLLISION PREVENTION ASSIST, Lane Keeping Assist and Blind Spot Assist. This unique package is unrivaled in the mid-size market.

*Vehicles manufactured after August 2016 only.

Flexible whichever way you look at it.

Along with everything else, you can even choose between two drive variants in the Vito depending on your needs and the vehicle's use profile. Both front-wheel and rear-wheel are on offer with the corresponding engine.

A van for today. With the drive system of tomorrow.

The OM 651 4-cylinder diesel engine rated at 140 kW (190 hp) combines agile performance with a high level of environmental compatibility.

The two 4-cylinder diesel engines with common-rail direct injection and turbocharging form the heart of the Vito’s economical and sustainable power. The 1598 cc engine is available in one output rating and the 2143 cc in two. Depending on the engine variant, there is a choice between front-wheel and rear-wheel systems.

The variant powered by the 140 kW engine is the most powerful and consumes around 2.6¹ litres per 100 km less than a comparable variant of the previous model series, at the same torque level. Thanks to BlueTEC technology, it also complies with the demanding Euro 6 emissions standard. With the help of the AdBlue® additive in a selective catalytic reduction process, harmful nitrogen oxides in the exhaust gases are converted into water and nitrogen.

The engines for the Vito at a glance:

84 kW (114 hp), 1598 cc, 270 Nm, front-wheel drive
100 kW (136 hp), 2143 cc, 330 Nm, rear-wheel drive
140 kW (190 hp), 2143 cc, 440 Nm, rear-wheel drive

¹ Based on VFACTS recorded combined fuel consumption figures (ADR 81/02) of current and previous equivalent models.

Mercedes-Benz quality – in every area.

Whenever you need us, we're there. We have authorised Mercedes-Benz service agents situated throughout New Zealand. We also have a wide range of vehicle-related support activities and financial services from procurement of the vehicle, throughout its entire working life and on to resale or part-exchange.

You can help keep your Vito on the road by opting for a Service Plan from Mercedes-Benz. With a Service Plan, our authorised dealer network will perform maintenance and repairs to your vehicle according to an agreed schedule and pre-determined costs.

A Service Plan is the easiest way to manage your van's maintenance and repairs. With flexible payment options, you can choose a Service Plan to meet your individual requirements, from scheduled servicing (Best Basic) to a comprehensive maintenance and repair programme (Complete). For a clear, simple stress-free solution, a Service Plan makes maintaining your vehicle or fleet as easy as it should be. The following pages present our other vehicle related services, such as Mercedes-Benz Vans Road care Service.

They also tell you how you can lease, finance and insure your Vito on attractive terms through Mercedes-Benz Financial Services. Further information is available online or from your authorised Mercedes-Benz dealer.

Mercedes-Benz Financial.

Mercedes-Benz Financial is the dedicated finance provider for Mercedes-Benz Vans – our products are specifically designed with Mercedes-Benz owners in mind. This means you benefit from tailored products, backed by our industry knowledge and experience.

We offer fast finance approvals through our dedicated finance assessment team, who appreciate the needs of van buyers. Our competitive pricing and flexible finance contract terms, with the option of repayment holidays, are just a few of the reasons why Mercedes-Benz Financial is for you.

As a customer, we will tailor a plan to suit your requirements and offer a suite of financing options that meet your individual needs.

Finance solutions.¹

Our Finance Product Features.

With all of our finance products you benefit from:

- Flexible terms – 24-60 months for all Mercedes-Benz Vans
- Final balloon payment/residual value – Available on all finance contracts excluding finance leases
- Fixed interest rates with no ongoing monthly fees – Your interest rate is fixed for the duration of the loan term (except Primeline)
- Structured payments

Our finance products include:

- Business Credit Agreement
- Business Lease
- Term Loan
- Operating Lease
- Consumer Credit Agreement

Insurance solutions.¹

Mercedes-Benz Insurance understands what it means to trust your equipment.

In the unfortunate event of an accident, it is important to know that you and your vehicle are in safe hands. Mercedes-Benz Insurance ensures your vehicle will always be restored to its former standards of quality, safety and performance.

Mercedes-Benz Van Insurance features:

- Authorised repair network
- Three year new vehicle replacement in the event of a total loss
- Original Mercedes-Benz genuine replacement parts
- Sign writing costs included
- Cover for hire car costs following an accident

For further information regarding insurance solutions from Mercedes-Benz Financial please contact your authorised Mercedes-Benz Van dealership or call 0800 462 369.

Mercedes-Benz quality – in every area.

Servicing and repairs.

Choosing the best vehicle for the job is an excellent start, but it's just the beginning. Making sure that your Mercedes-Benz Van, or fleet, is working at the optimum level is critical. A Mercedes-Benz authorised workshop is staffed and equipped for excellence and will assist to keep your van or fleet operating as intended. Mercedes-Benz technicians complete training every year to ensure they are up-to-date with technology.

You're covered.

Warranty. Our comprehensive Mercedes-Benz Vans Warranty means peace of mind for three years or until the vehicle has travelled up to 200,000 km for new Mercedes-Benz light commercial vehicles purchased from authorised Mercedes-Benz dealers in New Zealand. You're covered for parts and labour charges incurred in rectifying a manufacturing defect relating to materials or workmanship.

Roadside Assist. In the unlikely event of needing assistance, all you have to do is call. Mercedes-Benz Van Road Care is designed to provide you with assistance in case of a breakdown anywhere in New Zealand – 24 hours a day, 365 days a year. Standard cover comes at no extra cost on a wide range of vehicles² during the manufacturer warranty period.

For further information visit www.mercedes-benz.co.nz/vans

Mercedes-Benz Genuine Parts.

All Mercedes-Benz Genuine Parts undergo rigorous material and functional testing, are engineered to fit your vehicle perfectly and remain available for 10 years after the end of series production.

By choosing Mercedes-Benz Genuine Parts, you will benefit from Mercedes-Benz quality, a two year warranty and excellent parts availability.

Why should you only use Mercedes-Benz Genuine Parts?

- **Exceptional performance and safety...**
All Mercedes-Benz Genuine Parts are manufactured to the highest standard of quality, and provide maximum performance and safety at all times.
- **Warranty for peace of mind...**
The benefit of up to two years unlimited mileage parts warranty.
- **Technical expertise...**
All authorised Mercedes-Benz Dealership staff are manufacturer trained so you can be sure that your vehicle is in the best possible hands if a replacement part is required.

¹ Mercedes-Benz Financial is a business name of Mercedes-Benz Financial Services New Zealand Limited (MBFSNZ). Finance to approved customers of MBFSNZ, normal MBFSNZ lending criteria applies. IMPORTANT! This brochure has been compiled by Mercedes-Benz New Zealand Ltd to provide a general indication of the models available in New Zealand. Some of the features, optional extras and/or colours shown may not be available in New Zealand or may only be available in a different specification. Additionally, some models, features, optional extras and/or colours may only be available in combination with others. Some equipment depicted either on vehicle illustrations or separately may be non standard or options and may, where applicable, be available at an additional cost. For current information on the availability, design features and prices of all models, features, optional extras and/or colours available in New Zealand, you should contact your authorised Mercedes-Benz Vans dealer at www.mercedes-benz.co.nz/vans

All of the information contained in this brochure was correct as at October 2016, and refers to vehicles manufactured from October 2016 onwards. However, the manufacturer reserves the right to discontinue, make changes to design and specifications to vehicles or optional equipment without notice.
